

INDICATIVE SEAL

MEGA TWISTER TACHOGRAPH (MTW-T)

Application Seal

A certified fundamental and economical seal for quick utility security.

The Mega Twister Tachograph is a utility seal designed with essential tamper-evident features. The seal's twister locking insert allows for quick and easy sealing of the application. Colour coded inserts and ample identifier marking area eases operations. The seal is small in size and versatile for any securing and identifying purposes.

This seal is also EN16882:2017 certified and is required for security seal devices used in the tachograph working environment.

Applications:

- Tachographs
- Utility Meters & Scales
- Chemical and Oil Refinery
- Transportation
- Banking

PREVENTION · PROTECTION · PEACE OF MIND

- 1 The Mega Twister Tachograph is moulded with a twister locking insert in a plastic acetal body for improved security.
- 2 Stainless steel wire is required for the twister locking to achieve quick and tight securing of the seals.
- 3 A marking area flap is placed on the side for irreversible laser marking of identifiers such as name, logo, serial number and QR code.
- 4 Colour coding is possible with a combination of solid plastic body and vibrant colour insert, which is available in a wide range of choices.
- 5 Biodegradable additives for plastic material are available.
- 6 EN16882 certified for use in tachograph environments.
